Along with other requirements, Article 7 requires that any producer or importer of articles to notify the European Chemical Agency when an article contains Substances of Very High Concern (SVHC) in a concentration above 0.1 % (w/w). At this point in time, SLP Lighting's products do not contain any substances specifically identified as SVHCs\* at levels greater than 0.1 % (w/w), including the following substances from the proposed candidate list for Annex XV, as updated on Sep. 1, 2008.
