

# ALUMA - LUX Semi-Specular Finish

***The Look of Aluminum at a Plastic Price!***

- Short leadtime
- Does not show fingerprints or dust
- No cave effect or sharp shadows
- Will not bend or dent

Aluma-Lux is more durable than aluminum, but at a fraction of the cost. It will look great for years without costly maintenance, and gives off a pleasing luminance without direct glare or hot spots. This finish is available on all SLP ceiling and fixture style louvers or eggcrates.
